

## **EVENT NAME : YUVA UTSAV**

**DATE : 06– 12– 2024**

Students from dental college are encouraged to be a part of **YUVA Young Indians**, a movement where young minds learn beyond formal education. This initiative fosters leadership, innovation, and social responsibility, preparing students for challenges in both their careers and communities.

- **Internships**

Arranged for both online and offline experiences, internships provide invaluable practical exposure, enabling students to transition seamlessly into the professional world.

- **Placement Drive**

Our placement drives, conducted both on-campus and off-campus, connect students with top companies. We also prepare students for external campus drives, such as those organized by Anna University.

- **Alumni Engagement**

We believe that alumni are vital to a successful placement ecosystem. Our regular interactions and Achievers Day celebrations create a strong bond, motivating current students and recognizing past successes.

**EVENT NAME : “Beyond Borders- Unlocking International Education”**

DATE : 13– 03– 2025

VERTICAL : LEARNING VERTICAL

YUVA VERTICAL CHAIR : SATHISH KUMAR.

YUVA VERTICAL CO – CHAIR : PAUL SAMUEL

The program aimed at,

- Understanding Global Education Systems by learners :

Gain insights into various international education systems, admission processes, and academic expectations.

- Identifying Barriers to Studying Abroad:

Analyze the financial, cultural, legal, and academic challenges faced by students pursuing education beyond borders.

- Developing Problem-Solving Strategies:

Explore effective solutions, including scholarships, mentorship programs, and policy recommendations, to overcome study-abroad barriers.

- Enhancing Cross-Cultural Adaptability:

Learn how to navigate cultural differences, communication challenges, and integration into diverse academic environments.

- Building Awareness of Global Opportunities:

Discover available international programs, exchange initiatives, and support systems that facilitate a seamless transition for students.

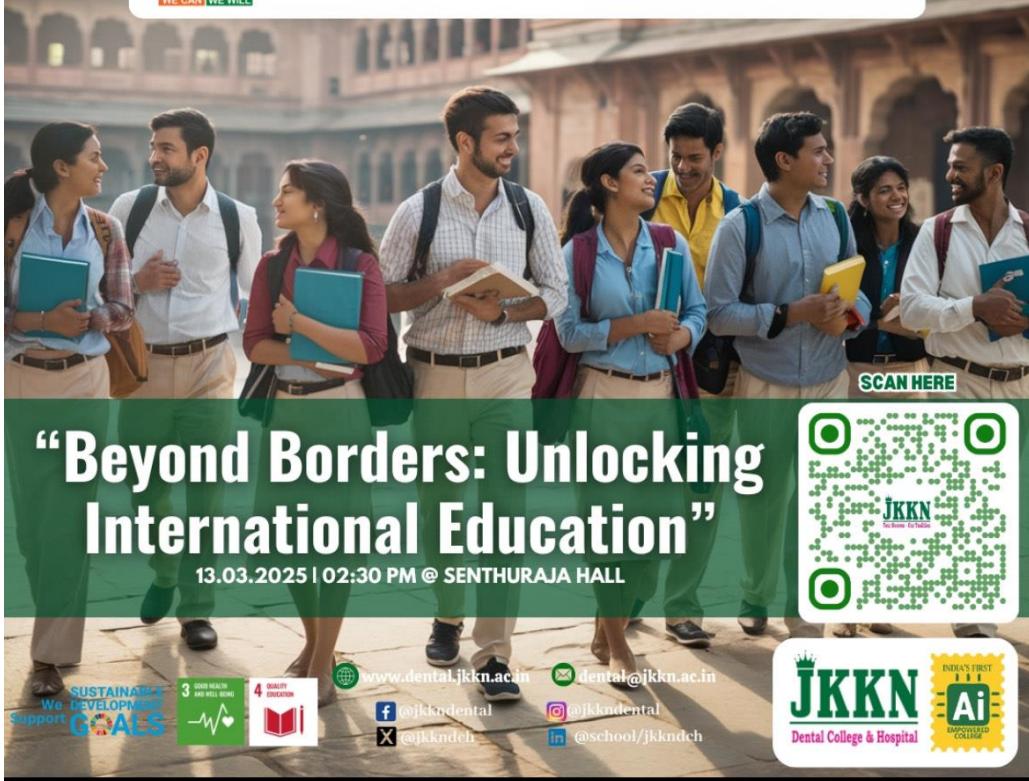

- Applying Knowledge for Policy and Practice:

Formulate actionable recommendations for institutions, policymakers, and students to make global education more accessible and inclusive.
